This presentation contains information as to past performance of the Company. Such information is given for illustrative purposes only, and is not – and should not be relied upon as – an indication of future performance of the Company. The historical information in this presentation is, or is based upon, information contained in previous announcements made by the Company to the market.

Forward looking statements
This document contains certain “forward-looking statements”. The words “anticipate”, “believe”, “expect”, “project”, “forecast”, “estimate”, “outlook”, “upside”, “likely”, “intend”, “should”, “could”, “may”, “target”, “plan” and other similar expressions are intended to identify forward-looking statements. Indications of, and guidance on, future earnings and financial position and performance, including Freelancer’s FY15 outlook, are also forward-looking statements, as are statements regarding Freelancer’s plans and strategies and the development of the market.

Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties and other factors, many of which are beyond the control of Freelancer, which may cause actual results to differ materially from those expressed or implied in such statements.

Freelancer cannot give any assurance or guarantee that the assumptions upon which management based its forward-looking statements will prove to be correct or exhaustive beyond the date of its making, or that Freelancer’s business and operations will not be affected by other factors not currently foreseeable by management or beyond its control. Such forward-looking statements only speak as at the date of this announcement and Freelancer assumes no obligation to update such information. The release, publication or distribution of this presentation in jurisdictions outside Australia may be restricted by law. Any failure to comply with such restrictions may constitute a violation of applicable securities laws.

Non-IFRS information
This presentation includes certain financial measures that are not recognised under Australian Accounting Standards (AAS) or International Financial Reporting Standards (IFRS). Such non-IFRS financial measures do not have a standardised meaning prescribed by AAS or IFRS and may not be comparable to similarly titled measures presented by other entities, and should not be construed as an alternative to other financial measures determined in accordance with AAS or IFRS. The information is presented to assist in making appropriate comparisons with prior periods and to assess the operating performance of the business. Freelancer uses these measures to assess the performance of the business and believes that information is useful to investors. Gross Payment Volume, EBITDA, and EBIT have not been audited or reviewed. Recipients are cautioned not to place undue reliance on any non-IFRS financial measures included in this presentation.

- For freelancers it’s free to view projects posted, free to bid on projects, free to talk to employers and provide samples of work – 3-10% project commissions paid by freelancers when a project is awarded and accepted

- Membership plans range from US$0.99 to US$199.95 a month, and provide additional features and benefits in addition to varied commission rates

- Other value added services include project upgrades, crowdsourcing contests and upgrades, bid upgrades, transaction fees, certification fees and advertising
BEAUTIFUL PRODUCT
Sliding Puzzle App Design for $55

Bids | Avg Bid (AUD) | Project Budget (AUD)
---|---|---
19 | $95 | $10 - $30

Project Description:
I have a simple iPhone puzzle app that I need to redesign. To start with, I am looking for a re-design for the main two scenes of the app.

The game is called 15 sliding puzzle, it is a simple puzzle where the player slide blocks until they finish the game. The two screens that need to be re-designed are attached.

- Deliverables should be in psd file format compatible with Photoshop CS5
- Resolution should be: 1080x1920 pixels.
- All screen ui components should be in separate layers, and easy to extract.
- Additional image resources can also be included separately (e.g. background image, etc.).
- Also all art work should be your of your own creation or you have the right to re-distribute them, otherwise I’ll not be able to accept it.
- Creative work will be rewarded.

Experience with photoshop and mobile apps design is required for this simple project. If you can provide evidence for previous similar experience that will be an advantage.

Skills required:
Graphic Design, Photoshop, User Experience Design, User Interface / IA
